

## ***Welcome to our EMT Ride-Along Program***

Finally! You are ready to get into the field and get some real clinical experience. The two EMT's you are going to be riding with are there to answer your questions, assist you in practicing some of your skills, and giving you a real look into what they do every day.

As you progress through your EMT training you will be making a decision as to your future in EMS. In some cases, working as an EMT is a necessary step to get where you want to go, like the Fire Service. In other cases, it fits nicely into your academic studies as it is the perfect College job. Nowhere else can you work fulltime hours in less than 3 days per week. Lastly, you might still be unsure as to making EMS part of your career path. Still, there is a reason you are taking EMT training.

If upon completion of your EMT training you are looking to work as an EMT in either Orange or Los Angeles County, we invite you to apply now at Care Ambulance Service. While it has been customary for you to be in possession of your EMT County License prior to applying for employment, this can mean you could have a significant delay between completion of your class and getting licensed. Even after getting your certifications it can take 3 - 4 weeks to make it through our selection process and placed into a New Hire Orientation Class.

***Now you do not have to wait!*** You can secure your ***future*** employment ***today*** by signing up for our **Pre-Hire EMT Student Program**.

At any time during your EMT Training you decide that you would like to work for Care Ambulance Service, you can fill out the attached Pre-Hire Application and send it to [bobb@careambulance.net](mailto:bobb@careambulance.net). Your application will be reviewed and you will be contacted for a quick interview.

Upon acceptance into the Program you will assigned to a Mentor who will be available to you for advice and guidance in finishing your EMT Training.

Once you have completed your EMT training and set up your NREMT Test, you will be guided into completing all the necessary pre-hire prerequisites so that you can be assigned a start date.

Once you have your County License you will be in the very next New Hire Orientation Class and a new member of the Team.

**EMT STUDENT?  
ASK ABOUT OUR NEW  
PRE-HIRE PROCESS!**

If you are serious about becoming a working EMT, we are serious about having you join our Team!

*Don't Delay. Reserve Your EMT Job Today!*

## EMT STUDENT PRE-HIRE APPLICATION

First Name Last Name Date

Address City Zip

Email Phone

Ride Along Date Location

EMT School Expected Graduate Date

Expected NREMT Test Date (If Known) County Preference

---

Please complete the application and email to Bob Barry at [bobb@careambulance.net](mailto:bobb@careambulance.net). You will then be contacted to schedule a phone interview with a follow up invite to a personal interview and submission of your DMV printout.

If accepted into the Program you will be assigned to a Mentor who will guide you through the entire process. Your placement priority will be determined by your enrollment date into the Program.

*The Pre-Hire Program is part of our hiring process and is a conditional offer of employment based upon the completion of the required prerequisites. You are not an employee when participating in this process.*
